Who Am I?

6th Grade Microsoft Power Point Project

Objective:

The objective of this assignment is for the students to make a Power Point presentation about them that is clear and easy to read, utilizes basic design principles, has a modest content load and employs appropriate art work.

Project Requirements:

In this project you will be creating a Microsoft Power Point presentation, which you will then be presenting to the class. This first Power Point project will be about yourselves. Listed below are what is required to be included in your presentation. This is not all that you are allowed to do but it is a start and is what is required. Feel free to expand on this list and be creative. If you need to go onto two slides for a topic that is perfectly fine.

Slide 1:
SLIDE TYPE: Title slide

INCLUDES: Your name in the top section and in the bottom I want the class name, teacher name, your class period, and the date.

Slide 2:
SLIDE TYPE: Title and content

DESCRIPTION: This slide is going to be where you give the audience a preview of the topics that you will cover in your presentation. List the names of the slides and have them lined up vertically (up and down).

Slide 3:
SLIDE TYPE: Any

DESCRIPTION: On this slide you will provide some information about where you were born or where you grew up.

Slide 4:
SLIDE TYPE: Any

DESCRIPTION: This slide will be about your hobbies or interests

Last Slide:
<u>Leave This Slide Blank!</u>

Above are descriptions of what sort of information to include on your slides. You are also required to include the following in your slide show:

- Picture of yourself
- Transitions
- A color scheme (can be a template)
- Some animated text or objects
